TESTIMONIAL 1 : 2024-02-03

Background: Klaus played for the Archbishop's Annual Thanksgiving Service on Sunday, 28 January 2024. A few days later, he received the following e-mail from the Archbishop.

Date: 3 February 2024

Hello Dr Klaus,

This is just to say thank you for playing the organ for us on 28th January 2024. For your effort on first time music we presented to you, you were fantastic. We enjoyed the sound of the pipe organ and we appreciate your presence in our midst. I am sure we will have more fun of praises unto the Most High God next time we meet.

Thank you so much and remain blessed. In Jesus name. Amen.

F N ONYUKU-OPUKIRI (Archbishop)

TESTIMONIAL 2: 2025-10-20

Background: Klaus played for the Harvest Festival service on 19 October 2025. The Archbishop sent him the following WhatsApp message:

Hi Klaus,

Thank you so much for yesterday. You were great and we appreciate you very much. Please send me your account number. So sorry I forgot the cheque I should have given you. Please accept whatever I put there because your talent is phenomenal, we cannot pay you enough. Thanks and God bless.

Archbishop Fidelia

Dear Archbishop,

Thank you for your kind words, which I greatly appreciate. Thank you also for offering to send some money, which you always do with great affection.

Let me suggest that, this time, we forget about the money, and you accept my playing as a token of *****my***** affection for your community and the work you are doing worldwide.

Of course, cash, however little, is always welcome in these hard and stressful times, but I am immensely grateful that you all have accepted me in your midst, and such acceptance is also something that money can't buy.

Regardless of your resources, I will always be happy to play for you, when a suitable occasion arises.

Baba God go bless you welu welu and yanfu yanfu.

Yours sincerely,

Klaus
